EDUCATION

Vellore Institute of Technology-Bhopal <i>B.Tech Computer Science and Engineering - CGPA: 7.79</i>	2023 – 2027 <i>Bhopal, India</i>
Shiv Jyoti Convent <i>Central Board of Secondary Education - Percentage: 73%</i>	2021 – 2022 <i>Rajasthan, India</i>
St Paul's School <i>Indian Certificate of Secondary Education - Percentage: 83%</i>	2018 – 2020 <i>West Bengal, India</i>

PUBLICATIONS & PATENTS

- **Patent:** SELF-RECHARGING SYSTEM FOR AN UNMANNED AERIAL PLATFORM
- **Publication:** Entertainment Multimedia Compression Using YOLO V8 and GAN – *Under Review / Submitted to Springer*

PROJECTS

Multi-Language AI Translator [↗](#) | Python, Hugging Face, PyTorch, Gradio May 2026

- **Built** an interactive multi-language translation web application utilizing **Gradio**, allowing users to seamlessly translate English text into diverse global languages.
- Integrated Meta's **NLLB-200** (No Language Left Behind) 600M parameter model via the Hugging Face Transformers pipeline for high-accuracy neural machine translation.
- Leveraged **PyTorch** with bfloat16 precision to optimize model inference speed and significantly reduce memory footprint during real-time translation requests.
- **Designed** a dynamic language routing system by mapping user-friendly language inputs to strict **FLORES-200** language codes using a custom JSON registry.

AI Text-to-SQL Data Analyst | Python, Google Gemini LLM, MySQL, Agentic AI May 2026

- **Created** an AI-powered Text-to-SQL chatbot utilizing **Google Gemini** to seamlessly translate complex natural language questions into accurate, executable MySQL statements for non-technical users.
- Designed an end-to-end data pipeline to automate the ingestion and mapping of raw tabular data from Excel sheets into a structured **MySQL** database architecture.
- **Constructed** a sophisticated LLM chain equipped with a custom output parser to execute generated SQL queries dynamically and format the retrieved relational data into conversational, user-friendly responses.
- Implemented an advanced **Agentic workflow** and rigorously evaluated query generation accuracy and response fidelity utilizing the **RAGAS** (Retrieval Augmented Generation Assessment) framework.

Real-Time ASL Detection [↗](#) | Python, OpenCV, TensorFlow, Keras May 2026

- **Developed** a real-time American Sign Language detection application capable of classifying 24 distinct alphabet gestures using a **live webcam feed**.
- Designed and trained a custom **Convolutional Neural Network (CNN)** from scratch on the Sign Language MNIST dataset, achieving **99.8% training accuracy**.
- Implemented batch normalization, dropout layers, and dynamic learning rate reduction algorithms to optimize model convergence and prevent overfitting.
- Integrated **OpenCV** for real-time video processing, utilizing background subtraction and contour detection to dynamically isolate, track, and crop the user's hand for highly accurate inference.

TECHNICAL SKILLS

Languages: Python, Java, SQL, HTML5, CSS3

Machine Learning & AI: Scikit-learn, TensorFlow, Keras, PyTorch, Hugging Face, OpenCV, LLMs, Gen AI

Data Analysis & Visualization: NumPy, Pandas, Matplotlib, Seaborn, MATLAB

Database Management: MySQL, MongoDB, DBMS

Tools & Platforms: Git, GitHub, Docker, Gradio, VS Code

LEADERSHIP & EXPERIENCE

Operations Lead <i>The Bengali Club</i>	Mar 2024 – Mar 2025 <i>VIT Bhopal</i>
- Directed end-to-end on-ground operations and logistics, ensuring the seamless execution of club meetings and cultural gatherings. - Streamlined event workflows and coordinated team efforts to support the club’s overarching goals.	
Core Member, Marketing <i>Anterix Club</i>	May 2025 – May 2026 <i>VIT Bhopal</i>
- Executed targeted marketing campaigns and promotional strategies to boost club visibility and drive event registrations. - Collaborated with the marketing department to design and distribute engaging outreach materials across campus.	
Volunteer <i>NCC Tree Plantation Drive</i>	Aug 2024 <i>VIT Bhopal</i>
Contributed to a large-scale campus sustainability initiative, actively participating in the successful planting of 1,000 trees.	

CERTIFICATIONS

- Introduction to Deep Learning & Neural Networks with Keras - Coursera
- Machine Learning with Python - Coursera
- Complete Data Science, Machine Learning, DL, NLP Bootcamp - Udemy
